

Our Mission...

At Plateau Valley Resource Center, we're not here to judge or tell you what you should decide. We don't make any money off of anything you choose to do. We're here to provide you with a FREE lab quality pregnancy test and medically accurate information. Our staff will go over all of your options with you if your pregnancy test result is positive. We understand that sometimes you need a place to process everything, to think through all your options, to feel safe to share what's on your mind.

If you have questions about pregnancy, abortion procedures, adoption, parenting, and sexually transmitted infections, please don't hesitate to visit us.

We are here to listen to your needs. All of our services are confidential and free of charge.

Our services are available regardless of income, race or religion.

About Us...

Plateau Valley Resource Center is a non-profit community resource service. Our trained volunteers are ready to listen and answer your questions. All services are confidential and free of charge. Making an appointment helps us ensure there will be someone available to serve you.

Opened in 2010, PVRC has been serving the physical, emotional, social, and spiritual needs of women and families who are making decisions about their pregnancy, relationships, and sexuality.

A crisis situation is not necessary to access our services. Our list of community resources are willingly shared with anyone in need.

Our clients are served without regard to age, race, income, nationality, religious affiliation, disability or other arbitrary circumstances.

Clients are treated with kindness, compassion and in a caring manner. Clients receive accurate information about pregnancy, fetal development, lifestyle issues, and related concerns. We do not offer, recommend or refer for abortions, but we are committed to offering accurate information about abortion procedures and risks.

We are committed to speaking truth in love to our clients. All of our staff and volunteers receive proper training to uphold these standards.

Purpose Statement...

We are a local, community-supported, pro-life, non-profit 501c3 service made up of believers in the grace and provision of our Lord Jesus.

Our vision is to gather and share resources in support of local families and to help those facing an unplanned pregnancy.

We hope to be a lighthouse in our community.

These needs may be met through mentoring, support groups, education, and resource information.
